About us

*Black is still in vogue
but now DRENCH can lead you
to your true design expression.*

Bathroom trends evolve so quickly that sometimes, it seems impossible to keep up. Black frame Shower enclosures have been very popular in recent years, but the industry is moving into other finishes away from the more traditional frameless and chrome enclosures.

The Bathroom is no longer the place where you just wash your hair, your bathroom is now an area where you express your personality through creative design.

Elegant dark blue and forest green tones, or pastel colours like mint green, lemon yellow or pale pink are now options in ceramics, furniture and even brassware!

Metallic glamour and the Crittal comeback.

Metallic finishes and especially Brass are now the wheels that drive the new trends. Chrome is no longer king.

At DRENCH we understand where the market is moving and we are here, not to follow but to help lead and develop the moving trends.

Innovation along with meticulous design and quality manufacture have resulted in this superior bespoke solution.

Colours and finishes with our new range will create your unique statement. With DRENCH Showers, the only limitation is your imagination.

DRENCH products are manufactured in the UK in our premises in Hursley, Winchester.

DRENCH Manufacturing technique has a patent granted GB2562114 and named Hygienic Decorative bathroom partition in accordance with *Patents Act 1977*.

All DRENCH products have been carefully designed and tested according to BS EN 14428:2015 as per Declaration of performance included in this catalogue.

EC Declaration of Performance

In accordance with BS EN 14428:2015

We:

DRENCH EUROPE LTD, Unit 5 & 6 Deer Park Farm, Hursley Road, Hursley, Hampshire, SO21 2LD

Declare that:

The following product range:

Product Range	Shower Screens & Shower Enclosures
Product Styles (Collections)	FRAME, FRAME Lite, DECO, LINEA, BORDER, SUZHOU & HEXAGON
Product Configurations	Wall Fixed Panels, Free standing panels, Fixed panels with Flipper panel, Bath Screens, Shower Doors, Shower Doors with Inline panel & Shower Enclosures.

In accordance with the following Directives:

- Mandate M/110²
- EU Construction Products Regulations (89/106EEC)

Fully conform to the scope and relevant characteristics from Annex ZA:

BS EN 14428:2015 Shower Enclosures – Functional requirements and test methods

Table ZA.1 – Scope and relevant clauses for shower enclosures

Construction Product:	Shower enclosure		
Intended use:	Personal hygiene		
<i>Essential Characteristics</i>	<i>Requirement clauses in this EU Standard</i>	<i>Mandated Levels and/or Clauses</i>	<i>Notes</i>
Cleanability	4.2	None	Pass
Impact resistance/shatter properties	4.3	None	Pass
Durability	4.4	None	Pass

Table ZA.2 – System of attestation of conformity

Product	Intended Use	Level (s) or class (es)	Attestation of conformity system
Shower Enclosures	Personal hygiene	-	4
System 4: See 89/106/EEC (CPR), Annex III.2 (ii), third possibility			

Table ZA.3 – Assignment of evaluation of conformity tasks

Tasks		Content of tasks	Evaluation of conformity clauses to apply
Task for the manufacturer	Initial Type testing	All relevant characteristics of Table ZA.1	7.2
	Factory production control	Parameters related to all relevant characteristics of Table ZA.1	7.3

I hereby declare that our shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN 14428:2015 to meet the requirements of Mandate M/110² and EU Construction Products Regulations (89/106EEC)

Signed by:

Guillermo Rubio (Director)

Product Features

ABOUT OUR GLASS

Safety Glass

DRENCH products are manufactured using the highest quality of Toughened and Safety Glass in compliance with BS EN12150-1-2015.

Easy Clean Glass

DRENCH products are treated with a special coating, known as Enduroshield, on the internal face of the shower to make it easy clean.

EnduroShield® for Glass is an optically clear liquid that is sprayed onto glass and chemically bonds to the surface creating a non-stick barrier resistant to corrosion, etching, and staining. However, while cleaning is made easier and less frequent, the need to clean is not eliminated.

Glass Finishes

DRENCH standard products shown in this brochure are manufactured using CLEAR GLASS 8 mm toughened. FLUTED, GREY TINTED & FROSTED GLASS are also available with an extra 30% surcharge.

Fluted Glass

Frosted Glass

Clear Glass

ABOUT OUR METAL

Metalwork design

Metalwork design is made from an aluminium cut out and bonded to the external face of the glass.

DRENCH Manufacturing technique has a patent granted GB2562114 and named Hygienic Decorative bathroom partition in accordance with *Patents Act 1977*.

This method is a key component in the manufacturing process of our **easy clean products**.

Colours & Finishes

Profiles, frames and components are finished using **Architectural Powder coating** for MATTE colour options whereas **Anodising** is used for metallic finishes.

MAINTENANCE AND CLEANING

Profiles & Aluminium Frames

The best type of product is a **mild detergent solution with warm water**.
A sponge or soft cloth should be used and nothing should be harsher than natural bristle brushes.

Glass

There is an **Easy clean coating** to the internal face of the glass only.

Please be advised that on occasions there may be mist to this face. This can be easily removed with dry lint free cloth. For daily cleaning we recommend to use a conventional glass cleaner and a squeegee, especially for the internal side.

Key Steps to maintain your DRENCH Shower in good condition

We recommend **regularly wiping** your product with a lint free soft cloth.

You may like to use a **squeegee** to remove water splash.

Should you wish to use a bathroom cleaner, it should be a **mild detergent** only and ensure it is rinsed thoroughly with clean water.

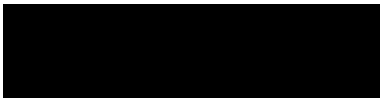

Never use any solvents, abrasive cleaners or cloths or anything containing bleach.

It is important to follow DRENCH Instructions to guarantee a correct performance of the product so please do not hesitate to contact us if any further assistance is required.

Contact us at sales@drenchshowers.co.uk

MATTE Colours

The metalwork is finished using **Architectural Powder coating** which produces a highly durable surface ordinarily suitable for external use in any weather. For our shower this means the finish is robust enough, even for the busiest family bathroom, and the colour will always look perfect.

Matt Black
(BK)

The standard of our bold design.
Black means power & control.
Sophistication & Elegance.
RAL Equivalence: 9005

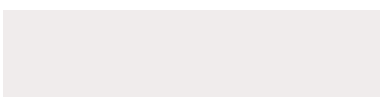

Graphite Grey
(GG)

Industrial grey with blue shades,
commonly known as Anthracite.
Solid, Stable & Neutral.
RAL Equivalence: 7024

Dusty Grey
(DG)

Grey undertones are associated
with mindful living and smart
choices.
RAL Equivalence: 7037

Blanc
(BL)

Offering a sense of peace and
calm, white is purity, innocence,
wholeness and completion.
RAL Equivalence: 9002

Latte
(LA)

The perfect choice to match with
neutral palettes.
Timeless, natural yet vivid.
RAL Equivalence: 1019

Forest
(FO)

Sensual, sensitive and warm.
It highlights quality of materials,
Comfort & Structure.
RAL Equivalence: 6009

Tangerine
(AN)

The combination of yellow and red makes orange convey excitement warmth, and enthusiasm.

RAL Equivalence: 2008

Lemon Yellow
(LY)

Yellow is uplifting and illuminating, offering hope, happiness, cheerfulness and fun.

RAL Equivalence: 1012

Pale Pink
(PP)

Pink is intuitive and insightful, showing tenderness and kindness with its empathy and sensitivity.

RAL Equivalence: 3015

Mint
(MI)

It relates to balance and harmony. the colour of growth, the colour of spring, of renewal and rebirth.

RAL Equivalence: 6019

Pastel Blue
(PB)

It induces calm and peace and it inspires creativity and the freedom to break free.

RAL Equivalence: 5024

Grey Navy
(GN)

It is a deep midnight blue. Sincerity, Intuition and the higher mind colour.

RAL Equivalence: 5008

Metallic Finishes

Inspired by the latest taps and brassware trends, DRENCH launched a new range of metallic finishes widening the spectrum of sheens to a next level. Since shiny and polished finishes from the eighties are still in vogue, we believe our brushed metallic range of colours adds accent to any bathroom design.

Our metallic finishes are achieved through **anodising aluminium**. Anodising is an electrolytic process that applies an oxide film on aluminium. This film increases the metal's naturally good corrosion resistance, and protects any polishing, brushing, etching or brightening.

Brushed Nickel
(BN)

Silvery-white metal with a slight golden tinge.

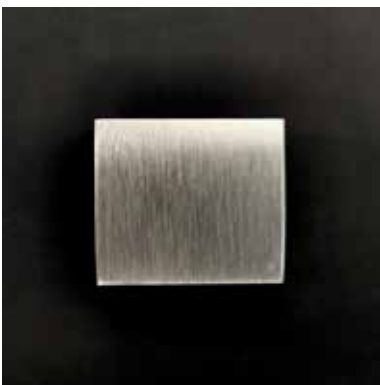

Light Bronze
(LB)

Light bronze finish in between copper and brass.

Dark Bronze
(DB)

Evoking oil rubbed bronze finish warm and sophisticated.

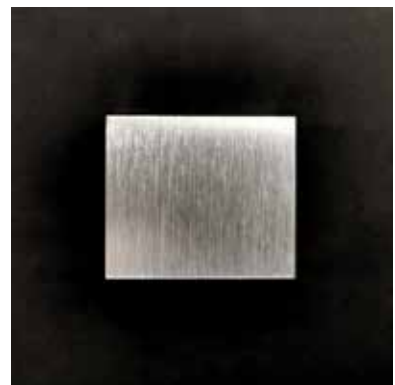

Brushed Steel
(BS)

Driven by industrial chic trend, an impactful yet elegant steel look.

Brushed Brass
(BB)

Elegant, timeless and luxurious yellow-coloured finish.

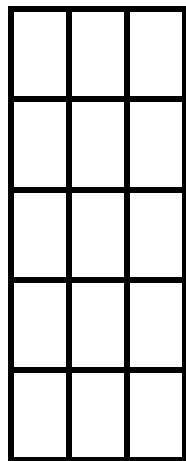

Brushed Chrome
(BC)

The conventional finish to achieve a contemporary edge design.

DECO Collection

DECO Collection focuses on a horizontal look, giving the effect of a wider panel.
Lines applied horizontally often evoke feelings of stability, grounding, emphasis and direction.

DECO style offers a sense of tranquillity to your shower and fills the space harmoniously.

HEXAGON

Collection

The design engages your eye by inspiring through the six-sided asymmetric style.

Hexagonal tiles are quite a thing and very rarely, especially on the bigger sized ones, are used creating a whole pattern with a mix of different colours and textures.

HEXAGON collection is only available for DRENCH Fixed panels range; the ideal addition to your Walk In shower space.

Shower Panels

DRENCH Shower Panels are without doubt one of the most versatile range that allow designers to achieve the perfect looking walk-in shower. DRENCH offers a wide range of dimensions and configurations.

It is IMPORTANT to understand there are two different techniques to manufacture our shower panels;

Collections Available

FOLDING System
Detail

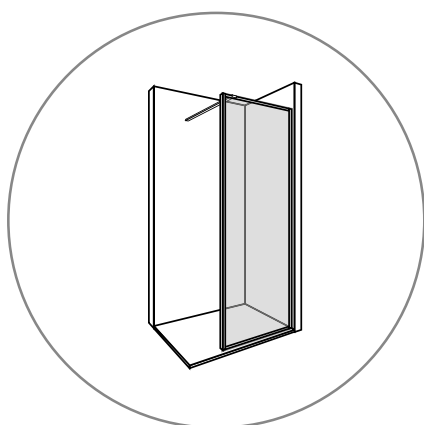

The *FOLDING System* based on the use of a full aluminium sheet laser cut and bonded to the glass folding on the edge and creating perfectly smooth corners. This is our **FRAME collection**, our premium range and the maximum expression of DRENCH showers concept.

LITE System
Detail

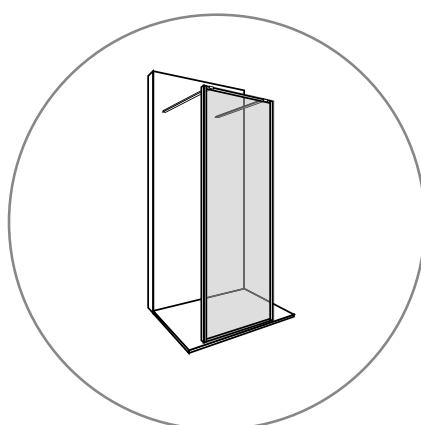

The *LITE System*, based on a piece of glass all fully framed with our own profiles and laser cut pieces of aluminium bonded in the front face, recreating the chosen pattern. This is the technique used for collections like **FRAME Lite**, **DECO**, **HEXAGON**, **SUZHOU** and **BORDER** collections.

Shower Panels Configurations

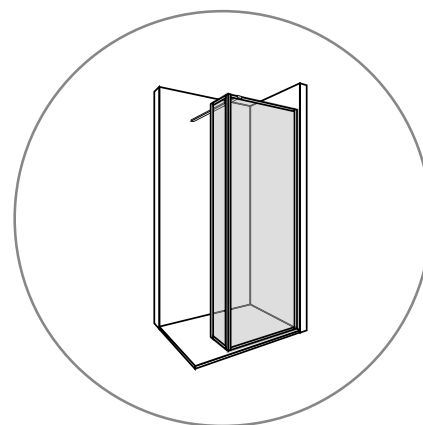

Wall Fixed Panel

Panel is attached to the wall using Wall Channel and Support Bar.
Panels are REVERSIBLE, can be used for both left or Right Hand.

Free Standing Panel

Panel is free standing and two support bars are required
Panels are REVERSIBLE, can be used for both left or Right Hand.

Panel with Flipper Panel

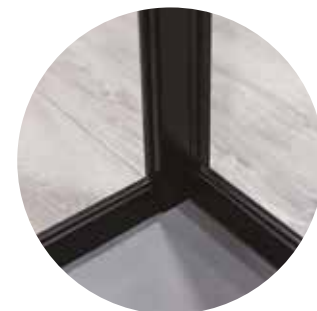

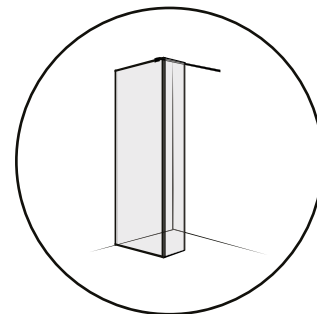

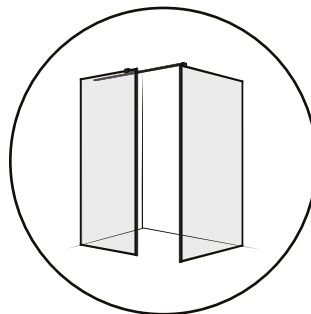

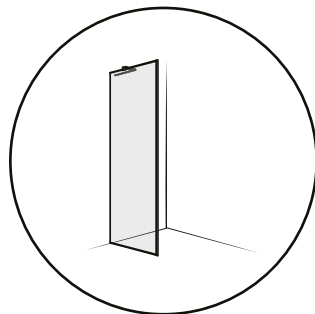

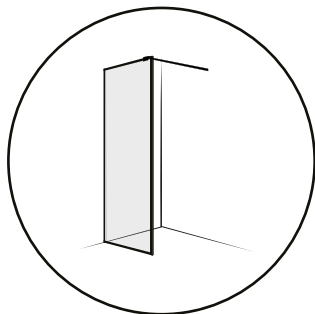

Panel is attached to the Wall.
Flipper panel cannot be retro-fitted.
Panels are NOT REVERSIBLE, code for LH or RH must be specified when ordering.

BORDER, Matt Black, Clear Glass

Shower Panels Combinations & Accessories

DRENCH Shower panels can be used individually or combined to recreate a walk-in shower space. Possibilities are endless hence we have designed a range of accessories suitable for any design or configuration. **All support bars and fixings are supplied in same colour/finish as the Shower panel.**

Support Bar Across

Support Bar is installed across the wall and it is included on every Shower panel unless different specification requested.

Angle Support Bar

Support Bar is installed in parallel to the panel and just behind the top profile.

It is 450 mm long and it can only be used for units **no wider than 1000 mm.**

Double Support Bar

This support bar must be used when two panels are combined together.

It cannot be longer than 2000 mm and needs to be specified on the order.

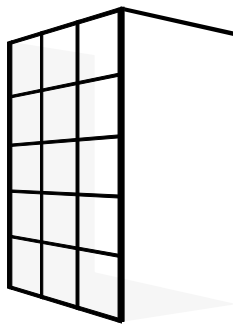

Corner Profile

Our corner profile is the perfect accessory for L-Shape configurations.

Profile gives +/- 5 mm of adjustment and needs to be specified on the order.

FRAME, Matt Black, Clear Glass

FRAME Collection

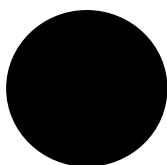

Wall Fixed Panels

Wall fixed Shower Screen for wetrooms and walk-in showers.

Please read our instructions below carefully with reference to the included support bar and possible fixed panel combinations.

Bath Screens

There is really nothing better than a nice long soak in the tub after a long and stressful day.

We love the idea we can contribute to make your bathtub look different with our range of Bath Screens.

DRENCH Bath Screens are available in pretty much all collections plus you can choose between 12 MATTE Colour options, 6 Metallic Finishes and our gorgeous glass options like Fluted, Frosted and Grey Tinted Glass.

Collections Available

FRAME	FRAME Lite	DECO	HEXAGON	SUZHOU	BORDER	TOUCHES

Bath Screen Configurations

Fixed Bath Screen

Fixed Bath screen are a reduced version of our **Wall fixed** panels suitable to be installed onto a bath. This configuration ticks the box for small bathrooms.

Item includes angle **Support Bar(FXSBNGL)** on the price. Support Bar is installed in parallel to the panel.

Pivot Bath Screen

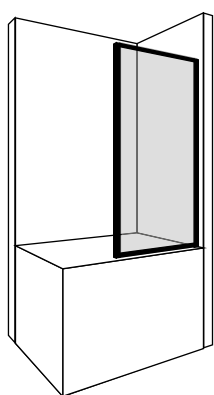

Pivot Bath Screens are hinged to the wall and swing **180 degrees**. Pivot bath screens are handed so make sure you choose the **Left or Right** hand code when ordering.

There is a 10 mm gap between the bottom profile and the top of the bath to allow the pivot mechanism work. A black rubber seal is supplied with the screen to cover the gap and guarantee watertight conditions.

Shower Door Configurations

Single Shower Door (Recess)

Shower Door with Return Panel (Enclosure)

Single Shower door is suitable for recess configurations; between 2 walls. Shower door hinged to one wall and closes onto the closing profile attached to the other wall. Please note this product is handed so **Left or Right** version must be specified.

Please check **in a recess** adjustment to guarantee which door width fits your shower space.

Shower Doors can be paired with a Return panel to create Shower cubicles. Return panels are also handed so please specify **Left or Right** with your code.

Please check **with Return panel** adjustment to guarantee which door width fits your shower space.

Shower Door product Features

Hinges & Closing Mechanisms

Pivot Hinge Mechanism

Shower doors in **MATTE colours** are manufactured using our pivot hinge with a 5 mm rise and fall mechanism.

Pivot swing can be set from 0 to 180 degrees by adjusting the grub screws at the bottom of the door.

Metallic Finish Hinges

Shower doors in **Metallic finishes** are manufactured with our vintage butt hinges.

Each door includes 4 hinges equally positioned and recessed on profiles.

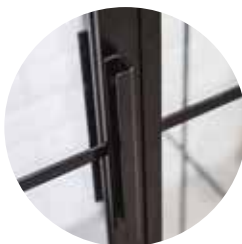

Metallic Finish Hinges for TOUCHES Collection

Shower doors from TOUCHES collection are manufactured with our vintage butt hinges.

Each door includes 4 hinges equally positioned and recessed on profiles.

Handles for Doors

PHAND MATTE Colours & Metallic Finishes

All Shower doors include our minimalistic pull handle already assembled. The Pull handle is finished on the same colour/finish chosen for the door. It is mechanically fixed both internally and externally in the centre of the door closing profile.

****For other handle options please check Accessories pages 92 - 99.**

Metallic Finish SPHAND for TOUCHES Collection

TOUCHES shower Doors include our minimalistic pull handle in metallic finish chosen.

****There are no other handle options available for this collection.**

Support Bars & Accessories

FXSBCRS (Across support bar). When Shower Doors are ordered together with a Return panel the support bar is included in the price.

All Shower doors include threshold bit & rubber seals for watertight purposes.

MATTE Colours

Shower Doors

Single doors are suitable for shower recesses. **Left** or **Right** hand options are available. Doors are built using our **pivot hinge**. The 5 mm rise and fall mechanism is manufactured using zinc die castings which give a durable and strong door performance. The **magnetic closing** creates a secure seal after the shower door is closed.

Pull handle, fixings and sealing components are included in prices below.

Return Panels for Shower Door Enclosures

Shower doors may be paired with a range of Return/Side Panels to create Shower Cubicles. Return panels must be ordered with the door.

If you want to create a Shower Enclosure please follow the steps below:

- 1. Choose your Door size**, handing, colour and glass option and keep the code.
- 2. Choose the Return size** check the hand required and keep the code. Our handing is based on the wall fixing position when you look at it from the outside.
- 3. Specify both codes** on your order and DRENCH will make sure the correct Shower cubicle is delivered including wall fixings, handle and Support bars required.

TOUCHES Collection

Shower Doors

MATTE Colours and Metallic finishes merge seamlessly in TOUCHES Collection offering a high level of customisation. **Shower Door frame & spare parts are finished in a MATTE colour using architectural powder coating 30% gloss and the little touches like Hinges & Pull handle are finished in a Metallic finish.**

1. Choose your DOOR size, check the hand required and add the two letter code of your MATTE Finish chosen and keep the code. (TOUDOR76LGG - Shower Door 760 Left Hand Graphite Grey.)

****Our handing is based on the hinge position when you look at it from the outside.****

2. Choose your TOUCH and keep the code. (+TOUCHBB - Hinges & Pull Handle in Brushed Brass.)

3. Specify both DOOR & TOUCH codes on your order. ****If Glass Option is required please apply 35% to prices below and specify Glass option on your order as well****

Shower Door with Inline Panel

DRENCH's Shower door with inline panel is the perfect solution for bigger shower areas.

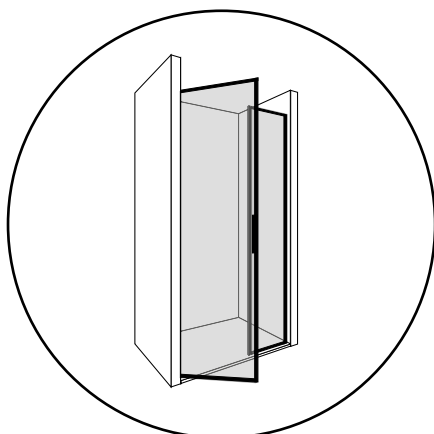

Shower Doors with inline are available in all our new finishes; MATTE colours and Metallic finishes.

With pretty much the same features of single shower doors; DRENCH also include the required support bar and extra components for the desired dimension.

Collections Available

FRAME	FRAME Lite	DECO	HEXAGON	SUZHOU	BORDER	TOUCHES
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

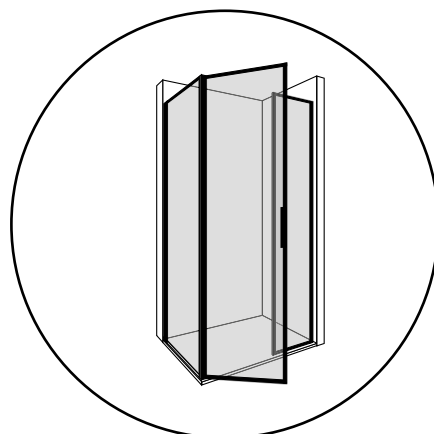

Shower Door Configurations

Shower Door with Inline Panel (Recess)

Shower door with Inline is suitable for recess configurations; between 2 walls. Shower door hinged to one wall and closes onto the inline panel attached to the other wall. Please note this product is handed so **Left or Right** version must be specified.

Please check **In a recess** adjustment to guarantee which door with inline width fits your shower space.

Shower Door with Inline & Return Panel (Enclosure)

Shower Door with Inline can be paired with a Return panel to create Shower cubicles. Return panels are also handed so please specify **Left or Right** with your code.

Please check **Return panel** adjustment to guarantee which door width fits your shower space.

Shower Door with Inline product Features

Hinges & Closing Mechanisms

Pivot Hinge Mechanism

Shower doors in **MATTE colours** are manufactured using our pivot hinge with a 5 mm rise and fall mechanism.

Pivot swing can be set from 0 to 180 degrees by adjusting the grub screws at the bottom of the door.

Metallic Finish Hinges

Shower doors in **Metallic finishes** are manufactured with our vintage butt hinges.

Each door includes 4 hinges equally positioned and recessed on profiles.

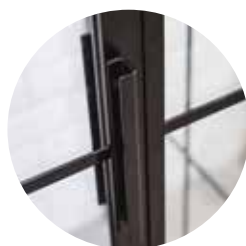

Metallic Finish Hinges for TOUCHES Collection

Shower doors from TOUCHES collection are manufactured with our vintage butt hinges.

Each door includes 4 hinges equally positioned and recessed on profiles.

Handles for Doors

PHAND MATTE Colours & Metallic Finishes

All Shower doors include our minimalistic pull handle already assembled. The Pull handle is finished on the same colour/finish chosen for the door. It is mechanically fixed both internally and externally in the centre of the door closing profile.

***For other handle options please check Accessories pages 92-99.*

Metallic Finish SPHAND for TOUCHES Collection

TOUCHES shower Doors include our minimalistic pull handle in metallic finish chosen.

***There are no other handle options available for this collection.*

Support Bars & Accessories

Support bars supplied with Shower Door with Inline on a recess do depend on total width required as per below. (FXSBNGL & FXSBPRL). For Shower enclosures FXSBDBL is included in the price.

FXSBNGL

Angle Support Bar

Units no wider than 1200 mm.

FXSBPRL

Parallel Support Bar

For Units bigger than 1200 mm.

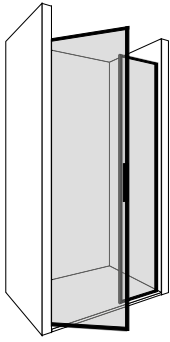

FXSBDBL

Double Support Bar

For Shower Enclosures (With return Panel)

All Shower doors include threshold bit & rubber seals for watertight purposes.

MATTE Colours

Shower Door with Inline panel

Door is hinged to the wall closing onto an Inline panel. Left or Right hand options are available.

Doors are built using our **pivot hinge**. The 5 mm rise and fall mechanism is manufactured using zinc die castings which give a durable and strong door performance. The **magnetic closing** creates a secure seal after the shower door is closed.

Pull handle, fixings and sealing components are included in prices below.

Shower Door Configurations

Shower Door hinged to Inline panel (Recess)

Shower door hinged to Inline is suitable for recess configurations; between 2 walls. Shower door hinged to one wall and closes onto the inline panel attached to the other wall. Please note this product is handed so **Left or Right** version must be specified.

Please check **In a recess** adjustment to guarantee which door with inline width fits your shower space.

Shower Door hinged to Inline with Return Panel

Shower Doors hinged to inline can be paired with a Return panel to create Shower cubicles. Return panels are also handed so please specify **Left or Right** with your code.

Please check **Return panel** adjustment to guarantee which door width fits your shower space.

Shower Door hinged to Inline product Features

Hinges & Closing Mechanisms

Pivot Hinge Mechanism

Shower doors in **MATTE colours** are manufactured using our pivot hinge with a 5 mm rise and fall mechanism.

Pivot swing can be set from 0 to 180 degrees position adjusting the grub screw at the bottom of the door.

Metallic Finish Hinges

Shower doors in **Metallic finishes** are manufactured with our vintage butt hinges.

Each door includes 4 hinges equally positioned and recessed on profiles.

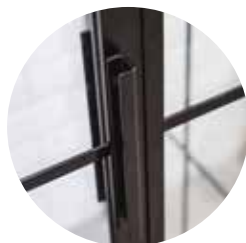

Metallic Finish Hinges for TOUCHES Collection

Shower doors from TOUCHES collection are manufactured with our vintage butt hinges.

Each door includes 4 hinges equally positioned and recessed on profiles.

Handles for Doors

PHAND MATTE Colours & Metallic Finishes

All Shower doors include our minimalistic pull handle already assembled. The Pull handle is finished in the same colour/finish chosen for the door. It is mechanically fixed both internally and externally in the centre of the door closing profile.

***For other handle options please check Accessories pages 92-99.*

Metallic Finish SPHAND for TOUCHES Collection

TOUCHES shower Doors include our minimalistic pull handle in metallic finish chosen.

***There are no other handle options available for this collection.*

Support Bars & Accessories

Support bars supplied with Shower Door hinged to Inline on a recess depend on total width required as per below. (FXSBNGL & FXSBPRL). For Shower enclosures FXSDBL is included in the price.

FXSBNGL

Angle Support Bar

Units no wider than 1200 mm.

FXSBPRL

Parallel Support Bar

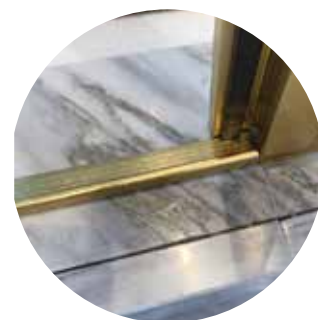

For Units bigger than 1200 mm.

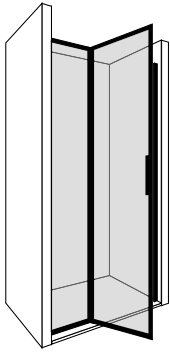

FXSDBL

Double Support Bar

For Shower Enclosures (With return Panel)

All Shower doors include threshold bit & rubber seals for watertight purposes.

MATTE Colours

Shower Door hinged to Inline panel

Shower Door is hinged to the Inline panel closing onto the wall. Left or Right hand options are available.

Doors are built using our **pivot hinge**. The 5 mm rise and fall mechanism is manufactured using zinc die castings which give a durable and strong door performance. The **magnetic closing** creates a secure seal after the shower door is closed.

Pull handle, fixings and sealing components are included in prices below.

Return Panels for Shower Door hinged to Inline Enclosures

Shower doors hinged to inline panel may be paired with a range of Return/Side Panels to create Shower Cubicles. **Return panels must be ordered with the door.**

If you want to create a Shower Enclosure please follow the steps below:

1. Choose your Door with Inline size, handing, colour and glass option and keep the code.

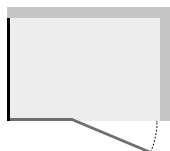

2. Choose the Return size, check the hand required and keep the code.

Our handing is based on the wall fixing position when you look at it from the outside.

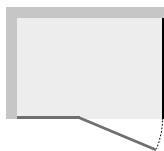

3. Specify both codes on your order and DRENCH will make sure the correct Shower cubicle is delivered including wall fixings, handle and Support bars required.

Shower Trays

Exclusively designed for DRENCH Showers by one of the most reputed shower tray manufacturers in the European Bathroom Industry. Here we offer our new range of slate textured shower trays to match and be used along with our Shower Panels and Enclosures.

The Shower Trays main component is polyurethane resin. This is a material of high quality, resistance, durability and elasticity. Its impact resistance and its resistance to bending, make the tray durable and resistant to breakage.

Shower Trays features

Bacterial Resistant

The coating technology used during manufacturing gives unique qualities which help the surface with fungicidal, antibacterial and hydrophobic properties.

As a result, the shower trays are not only easy cleanable, but also actively help to keep surfaces decontaminated.

Easy to customise

BASE Shower Trays can be cut along both the length and width. They can be cut up to three times to adapt to spaces such as columns or projections.

Cutting tools like jig saws or angle grinders with diamond blades are suitable for the job.

Easy to Install

BASE Shower trays can be installed flat to tiles, on top of flooring or even using a raising up.

Shower tray thickness of 25 mm contributes to an easy installation plus offers versatility of suitable scenarios.

Non-Slip Surface

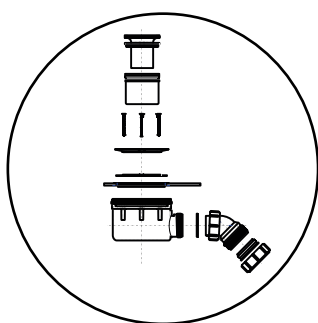

BASE Shower Trays have a matte, non-slip surface which is given by the texture and material used.

Effectively preventing slip hazards.

Shower Tray Parts

Shower Trap

Shower tray includes McAlpine waste on the price. Waste is supplied in a separate box. **Specification:**

- 50mm Water Seal
- 1½" BSP Thread
- 70mm under-tray dimension
- Supplied with 135° Bend - BSP coupling nut x 1½"
- Flow rate 34 L/min in accordance BS EN 274-2:2002
- Constructed from polypropylene
- Conforms to EN 274-1:2002

Installation Kit

An installation kit specifically designed for BASE Shower trays are available as per request.

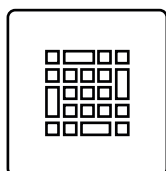

Installation kits includes:

- **CLASSI Seal Flexible waterproof** upstand to guarantee full watertight conditions between your tiles and the shower tray.
- **SIKA PU Adhesive** 300 ml (2 tubes) for Shower tray installation. Polyurethane based adhesive must be used to guarantee a correct installation of the product.

Installing DRENCH Seals

Seals are cut to size however we recommend to check total length before carrying on with the installation and trim down if required.

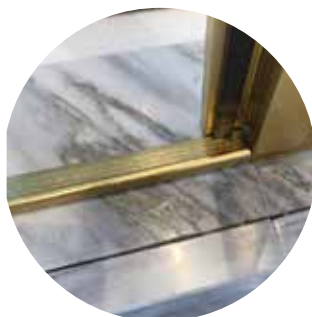

Open your door, bath panel or flipper panel fully.

Underneath the bottom profile you should find two grooves that go from the closing post to the hinge profile.

Please click the seal into these gooves and make sure the whole piece is clicked in along the profile.

Threshold

Collections Available

<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

To guarantee a watertight installation DRENCH shower doors include a Threshold bit to be stuck to your shower tray/wet room to stop the water running out the shower area.

Threshold bit is included on all doors but sometimes components get damaged or lost during installation, so it can be purchased separately.

Please note Threshold is made of aluminium and matches the colour/finish of your shower door. Please add the two digits code to have your threshold in the right colour/finish.

- Seals, subject to war and tear are guaranteed only for a period of 12 months.
- Labour cost are not covered under guarantee unless specifically authorised in writing by DRENCH EUROPE LTD.
- The benefit of this guarantee cannot be assigned.

by qualified professionals and according to instructions supplied.

All images, specifications and advertising on our website are for the sole purpose of giving an approximate description of the goods. We advise customers to seek technical advice from qualified sources prior to ordering including any installation work that may be required.

PRICES:

All prices featured in this price list are Recommended Retail Prices excluding VAT. DRENCH EUROPE LTD does not accept liability for any mistake or calculation error made when drawing up a quotation.

ORDERS:

Orders may be placed via distributor, agents, sales representative or directly submitted to our Commercial Department. A written format may be required when placing an order. DRENCH EUROPE LTD do not accept orders via phone or any other means than email. DRENCH EUROPE LTD reserves the right to refuse any order. Orders are accepted on the basis the Customer has read and accepted these conditions.

CANCELLATIONS & MODIFICATIONS

No order cancellation or modification will be accepted once the manufacturing process has started. In any event, there is a maximum period of 24 hours after receipt of order to ask for any cancellation or modification.

To exercise your right of cancellation within 24 hours you must give written notice by email giving details of goods ordered. Orders can only be cancelled once DRENCH EUROPE LTD confirms cancellation to the Customer.

DELIVERY:

Please check all deliveries for damages or discrepancies within 48 hours from receiving the goods. Claims for damaged goods must be notified to DRENCH EUROPE LTD by email stating any damages and/or defects of the goods received from the courier. Unless we have notification within this time period, we have no claim against the courier and therefore we will not be liable for any claim made against our company. Please note that all items must be removed from the packaging and checked

- The guarantee does not cover any further right than those expressed and it does not cover any claim for consequential loss or damage.
- This guarantee is offered as an extra benefit and does not affect your statutory right as a consumer in any way whatsoever.
- In the event of a claim under our guarantee a site visit is required which will be chargeable. This will be refunded in the event that the product is defective or manufactured incorrectly.
- In the event that DRENCH products are used for Steam or sauna room installations, it must be specified at the point of ordering. Our products in these environments carry a 2 year warranty.
- In the event that a replacement product is required and the product is no longer available, DRENCH EUROPE LTD will replace it with the nearest available product.

within the above time scale.

RETURN POLICY:

We hope that you are happy with your purchase but should you wish to return any items to us, the return of the goods must be done subject to the following conditions:

1. The return of goods will only be admitted when it has been accepted and communicated accordingly by DRENCH Commercial Department.
2. The return of goods will only be admitted with the condition as new, in the packaging provided and with all the components provided in the initial delivery.
3. Bespoke and made to measure products as well as RAL colours and Glass options are non returnable despite size or configuration.
4. The goods must not have been installed or attempted to be installed. Please do not return items that have been installed as no refund will be given.
5. Customers are responsible for obtaining proof of delivery and receipt of returned goods. It is the responsibility of the customer to ensure that returned item(s) reach us in good condition.

RETENTION OF TITLE:

1. The goods shall be at the Buyer's risk as from delivery. 1.2 In spite of delivery having been made property of the Goods shall not pass from the Seller until: 1.2.1 The Buyer shall have paid the Price in full; and 1.2.2 No other sums of any kind shall be due from the Buyer to the Seller.

PAYMENT CONDITIONS:

Payments can be made by BACS transfer or Cheque. In the event of outstanding payments DRENCH EUROPE LTD will not dispatch any goods.

DIVISIBILITY CLAUSE:

This contract is divisible. Each delivery made hereunder: 1) shall be deemed to arise from a separate contract and 2) shall be invoiced separately and any invoice for a delivery shall be payable in full accordance with the terms of payments for herein without reference to and notwithstanding any defect of default in delivery of any other instalment.
